

ABOUT THE POLICY

1. The benefits offered are underwritten by Assupol Life Limited ("Assupol"), and NHB Administrators (Pty) Ltd ("NHB") is the appointed intermediary
2. You are the policyholder - the person who applied for the policy, the main role-player and the person who holds and exercises the rights in this policy. You must be 18 years or older.
3. The person who pays the premium is the premium-payer. Only the policyholder may be the premium payer.
4. The person whose life is insured is known as a life insured. This could be you, an immediate or extended dependant, as reflected in the policy schedule.
5. The person who receives the policy benefits after your death is known as the beneficiary. Make sure that you nominate the correct beneficiary. You may change your beneficiary at any time. He or she must be over the age of 18 years and does not have to be an insured life on the policy.
6. Your spouse is the person to whom you are legally married and which marriage is accepted under the law of South Africa - including a civil, customary, same-sex marriage, or the person you have been living with for at least six months, in a relationship similar to marriage, which relationship is intended to be permanent like a marriage. Important: if you have more than one spouse, only one spouse will be accepted on the policy under immediate dependants. Other spouses must be covered on the Extended Dependants Plan. Proof of marriage will be required at claims stage.
7. You acknowledge that your spouse, as defined in this clause. An ex-spouse, if there is an insurable interest, will be accepted at the rates of Extended Dependants.
8. A "Child" includes your own children, an adopted child (legal or traditional) and a stepchild up to the age of 21 years, or is registered as a full time student at a registered tertiary education institution, who may remain on the policy up to the age of 25 years. (Proof of registration will be required at claims stage). Traditional adoption includes a child who you have been taking care of on a permanent basis and who has been living with the policyholder for at least six months.
9. Death benefit for a still-born child will be paid only if the birth takes place after 26 weeks of pregnancy, and is not self-induced.
10. An "Immediate" Dependant is a spouse and children as defined. The maximum number of children insured under an Immediate Dependant Plan is six. A child over 21 years of age, who is not a registered full-time student, must be registered as an extended dependant.
11. An "Extended" Dependant is your parents, parents-in-law, your and your spouse's grandparents, great-grandparents, great uncles and aunts, uncles and aunts, first cousins, an adult child over the age of 21 not registered at a registered tertiary educational institution, siblings and their children, great grandchildren and an ex-spouse and second spouse. You must have an insurable interest in all lives insured.
12. You and your immediate dependants must be under the age of 65 years at application of the policy. For Extended Dependants, the maximum entry age is 85 years.
13. By completing this application, the policyholder warrants that all Insured Lives on this policy are alive at the date of inception of this policy.
14. Your policy comes into effect when the Insurer (Assupol Life Limited), or someone authorised by us, receives the first premium for your policy.
15. The inception date for a life insured, is the day on which we, or someone authorised by us, receive the first premium for cover for that life insured. That is when death cover for an accidental death starts, and when the waiting period for death cover for a natural (non-accidental) death starts.

DUPLICATION OF LIVES

1. You may apply for a maximum of one Immediate Dependant Policy and one Value Plan for Immediate Dependants Policy. You may also be covered as an Extended Dependant on one other policy. You may also only apply for one Extended Dependant policy, one Xtra Cover Policy and one Value Plan for Extended Dependants Policy. Any cover is subject to the maximum statutory limits for funeral insurance policies.
2. The Immediate Dependant policy, Extended Dependant policy, Xtra Cover policy Value Plan for Immediate Dependants policy and Value Plan for Extended Dependants policy are all treated as separate policies.
3. When an Insured Life is covered on an Assupol Life Limited ("Assupol") underwritten policy, both individual and group, the total benefit payable for that Insured Life, may not be more than the following maximums:
 - R20 000 if the funeral insurance is taken out when the person is under the age of 6;
 - R25 000 if it is taken out when they are 6 years but younger than the age of 14;
 - R100 000 (policyholder and spouse) or R75 000 (other dependants) if it is taken out when they are 18 but younger than 65 years;
 - R35 000 if it is taken out when they are over 65 years.
4. Any cover above the maximum, automatically falls away and no premiums will be refunded.
5. In the event of an accidental death, the maximum benefit payable is capped at R100 000.

VALUE PLAN BENEFITS

GENERAL THINGS TO KNOW ABOUT VALUE PLAN AND BENEFITS

1. The benefit values are set out in the Policy Schedule.
2. Payment of the Benefits shall constitute a full and final discharge of liability by the Assupol and the Administrator.
3. These benefits do not become paid-up upon your death.
4. The Benefits must be claimed within six months from the date of death of an Insured Life.
5. Benefits are paid, as reflected in the policy schedule, directly to the beneficiary upon your death, and to you if another insured life on the policy dies.
6. If a beneficiary is under 18 years of age, or cannot be located, the benefit will have to be paid to the surviving spouse, and if no such person exists, into your estate. This causes inconvenience and delay which is the reason why it is important that you appoint a beneficiary, ensure that the right person is appointed as beneficiary and that all details remain updated.
7. Due to the availability of suppliers or benefits, Assupol/NHB reserves the right to change the composition of Benefits or suppliers at any stage, without notice to the Policyholder; as long as the overall cash equivalent value of the policy remains the same and the change in composition ensures a better outcome for Policyholders. Policyholders can view a list of the current suppliers and benefits at www.nhb.co.za.
8. Applicable to all benefits below:
 - A cash alternative is available on request for each benefit, to the amount specified in the Policyholder's Policy Schedule.
 - Any voucher issued will remain valid for a period of at least 6 months and the redeeming of the voucher is subject to the standard terms and conditions of the supplier.
 - A list of current suppliers is provided at www.Nhb.co.za.
 - All benefits must be arranged through the specified claims process. No refund or reimbursement of transactions entered directly with our supplier(s) will be made. The claims process can be found on www.nhb.co.za.
9. A description of each benefit is provided below. Only the benefits that appear in the Policyholder's Policy Schedule will be payable in the event of a claim.

TRANSPORT BENEFIT	In the event of a valid claim for an Insured Life, this benefit provides the claimant with a voucher to the value of the benefit as set out in the Policy Schedule. PREMIUM REVIEW

1. The benefits and premiums are based on group sales and distribution. Should the composition of these groups change, rates may be reviewed.
2. It could happen that your premiums or benefits need to be reviewed at any time so that your policy continues to remain actuarially sound (see "Your policy operates in terms of an actuarial basis"). If we do review your premium, we compare the current assumptions of future claims, investment return, taxation and the cost of reinsurance with our previous assumptions when this policy or benefit was issued. We will use a fair and reasonable method to calculate any change in your premium by referring to the comparison above. This could result in an increase or decrease of your premiums, or alternatively an increase or decrease of your benefits. If this happens, we will inform you before the change takes place.

INSURABLE INTEREST

You can take out insurance on your own life or on another person's life, if such person has an interest that the law recognises in the other person's life. There is an interest in the life of a spouse, children, parents and other family members. But, you generally do not have such an interest in, for example, a friend, or a neighbour.

If the insured event (eg. death) happens to an Insured Life included on the policy, you can claim a benefit if he suffers a loss in view of the required interest in the Insured Life when that event happens. The claim can be declined if you cannot prove that there was an interest and that you suffered such loss.

INCEPTION OF THE POLICY

The policy inception date will be the date on which the first premium is received or the date on which premium payments resume for any particular reason in line with any reinstatement rules.

PAYMENT OF PREMIUMS

1. The policy benefits are conditional upon and will only commence following the payment of the first premium.
2. Premiums are due and payable monthly in advance on the debit date as specified in the application. The premium received in a particular month provides cover for that month.
3. A period of 31 days grace is allowed for the payment of each premium becoming due and payable. During this period, all benefits and cover will remain in force. In the event of a claim during this period, the claim will be paid and the outstanding premium, if any, may be deducted from the benefit.
4. The premium for your policy must be paid before the end of every month. Your Premium pays for death cover only, not for any investment or cash value. Premiums are not refunded if your policy ends for any reason. If a premium is not paid on time, and remains unpaid for another 31 days, your cover lapses automatically. If, within two months of your cover lapsing, we again receive a premium, you may apply for your policy to be reinstated - subject to any policy provisions we may require.
5. Your Policy will lapse after three consecutive missed premiums.
6. If the premiums are not paid in full, the benefits cannot be paid in full. The total unpaid premiums over the lifetime of the policy will be deducted from any claim payable.

REINSTATEMENT OF THE POLICY

1. If cover has lapsed because premiums were not paid, you may within two months after cover lapsing apply for cover to be reinstated.
2. The reinstatement is subject to any policy provisions which may be applied. No policy will be reinstated after the expiry of the aforesaid period.
3. Any policy reinstated after the grace period and before the two months from the date of lapsing, will be reinstated with no additional waiting periods.
4. Any policy reinstated after the two months from date of cover lapsing on the policy, will be considered a new policy and will be subject to new waiting periods.

TERMINATION OF THE POLICY

The policy will cease on the earlier of:

1. The non-payment of premium within 31 days of the premium due date, and the policy not being reinstated within two months of cover lapsing; or
2. The Policyholder passing away, and the surviving Spouse not opting to continue with the policy.

CANCELLATION OF THE POLICY

1. The Policyholder may cancel this policy within 31 days after receipt of the policy document at inception of the policy. This is known as cooling-off cancellation. The premium paid during this period will be refunded.
2. If the cancellation notice reaches NHB / Assupol after 31 days, the policy will end at the end of the month in which it is received. Only premiums paid after the policy has ended will be refunded.
3. Such cancellation notice will be accepted from the date of receiving such notice.
4. Assupol may cancel this Policy at any time, for whatsoever reason by providing 31 (thirty-one) Days' notice of such intention.
5. Assupol may immediately cancel this Policy or place it on hold, refuse any transactions or instructions, or take any other action considered necessary in order to comply with the law and to prevent or stop any undesirable or criminal activity.

WAITING PERIODS

1. There is a four-month waiting period for all Immediate Dependants plans in the event of natural death. The waiting period is completed after four consecutive premiums have been received AND a time period of four months since inception has passed. This means that, in the event of a natural death, the benefit cannot be claimed within the first four months after the policy has started and until four premiums have been received.
2. There is a six-month waiting period that applies for all Extended Dependants plans and Xtra Cover plans in the event of natural death. The waiting period is completed after six consecutive premiums have been received AND a time period of six months since inception has passed. This means that, in the event of a natural death, the benefit cannot be claimed within the first six months after the policy has started and until six premiums have been received.
For example, if the start date of cover for a life insured under an Immediate Dependant Policy is 1 January 2023, we may pay out benefits from 1 May 2023, provided all premiums are paid in full.
3. There is no waiting period in respect of accidental deaths. Cover for accidental death starts as soon as the first premium is received. Claims in the event of accidental death are payable subject to the successful payment of the prescribed premium for the month of death.
4. If you increase benefits in terms of the scheme at any stage, the prescribed waiting period will apply for the increased benefits as from the date of the receipt of the first successfully paid increased premium. Should a claim occur within the increased benefit waiting period, the existing benefit will be paid out.
5. There will, however, be no waiting period for natural death imposed in instances where an insured life was covered on a similar policy with an alternate insurer in the 31 (thirty-one) day period before the inception date of this Policy, provided such waiting period on the similar policy had already expired and where such similar policy is being replaced with this one.

EXCLUSIONS

1. There is a 12-month exclusion for all insured lives in the event of death due to suicide. This exclusion period will expire upon receipt of the 12th consecutive premium AND once a time period of twelve months since inception has passed. This means that in the case of suicide, the benefit cannot be claimed within the first 12 months after the policy has started; and until 12 premiums have been received.
2. A benefit will not be paid if the insured life's death is caused, or accelerated, directly or indirectly by war, civil commotion, terrorist activity, or if the Insured Life dies while committing a criminal activity.

CLAIMS PROCESS

1. For claims assistance, please contact the NHB call centre on 0861 001 788. Claims can also be sent to claims@nhb.co.za or fax: 087 230 1789.
2. The claim benefit will be paid to the Policyholder, in the event of the death of an Insured Life.
3. In the event of the death of the Policyholder, the benefit will be paid to the appointed Beneficiary (over the age of 18 years) or his / her duly authorised representative.
4. In the event of the death of an Insured Life, a claim form must be submitted together with all the relevant supporting documentation within six months of the date of death of the Insured Life. Failure to submit the relevant duly completed and signed claim form within the six-month time period may result in the claim being declined and the funeral benefit forfeited.
5. This policy is subject to the laws of South Africa and any claim payments will be made into South African bank accounts in Rand. No interest will accrue or be payable on any claims payments due.
6. Documentation required for valid claims:
 - Completed claim form
 - Certified copy of deceased's identity document;
 - Police Report (in event of accidental death)
 - Certified copy of death certificate;
 - Certified copy of claimant's identity document;
 - Copy of the latest payslip (only if policy is paid via Persal or payroll)
 - Certified copy of the beneficiary's bank statement (not less than 3 months old, showing the account holder's name and account number)
 - Copy of the DHA 1663 – Notice of Death form
 - Any additional documentation as required by NHB/Assupol

TRUE AND COMPLETE INFORMATION, MATERIAL MISREPRESENTATION, OR NON-DISCLOSURE

If you provide incorrect, misleading, fraudulent or false information when applying for cover or submitting a claim and as a result thereof the claim is rejected and / or policy declared invalid, premiums paid will not be refunded.

FRAUD OR DISHONESTY

1. NHB / Assupol have a responsibility to all their Policyholders to ensure that fraudulent claims are eliminated in order to keep premiums as competitive as possible.
2. If a claim is repudiated because of it being fraudulent, the Policyholder will need to reimburse NHB / Assupol for any expenses incurred relating to the claim.
3. If the Policyholder or anyone acting on his / her behalf submits a claim, or any information or documentation relating to any claim that is in any way fraudulent, dishonest or inflated, NHB / Assupol will reject that entire claim and cancel the policy retrospectively to the reported incident date or the actual incident date, whichever date is earliest. No refund of premiums will be considered in such an instance.
